

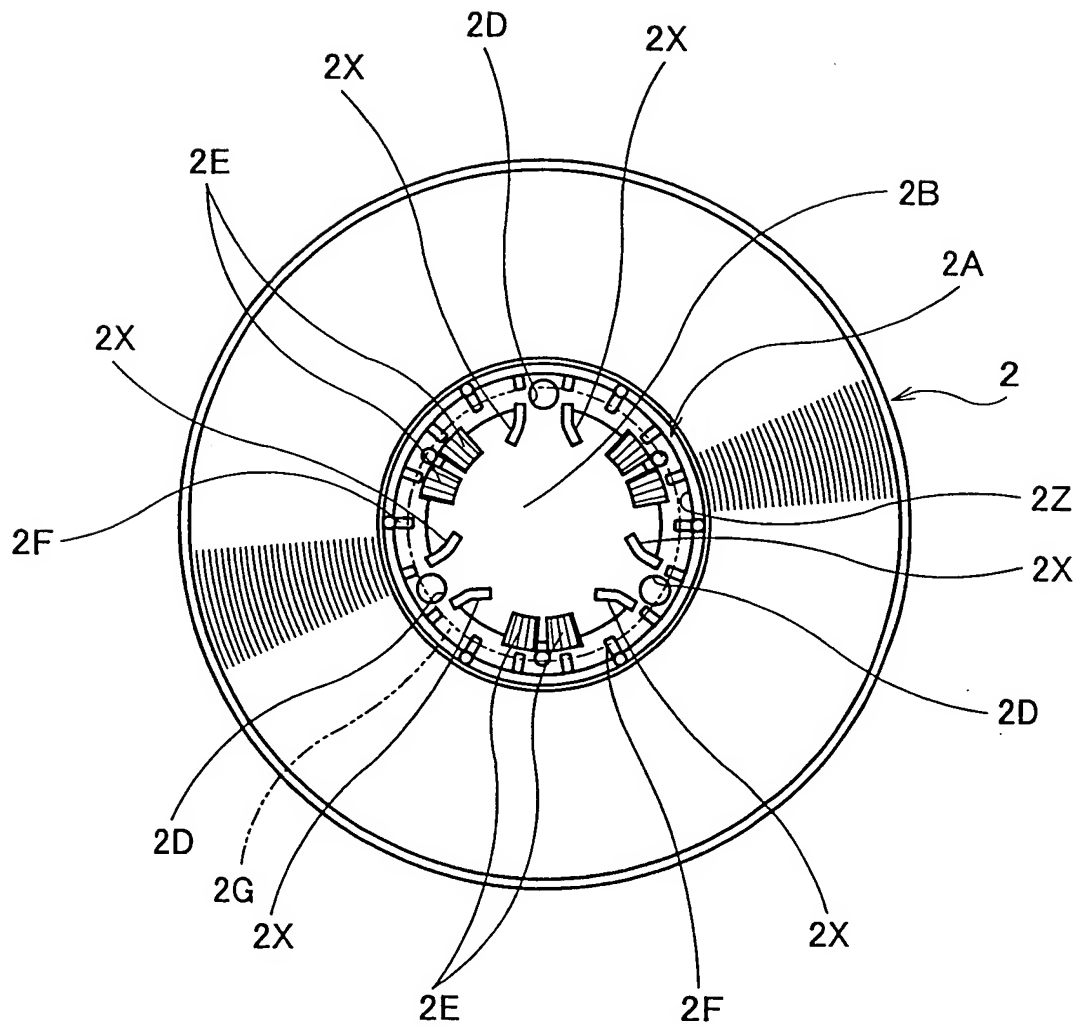

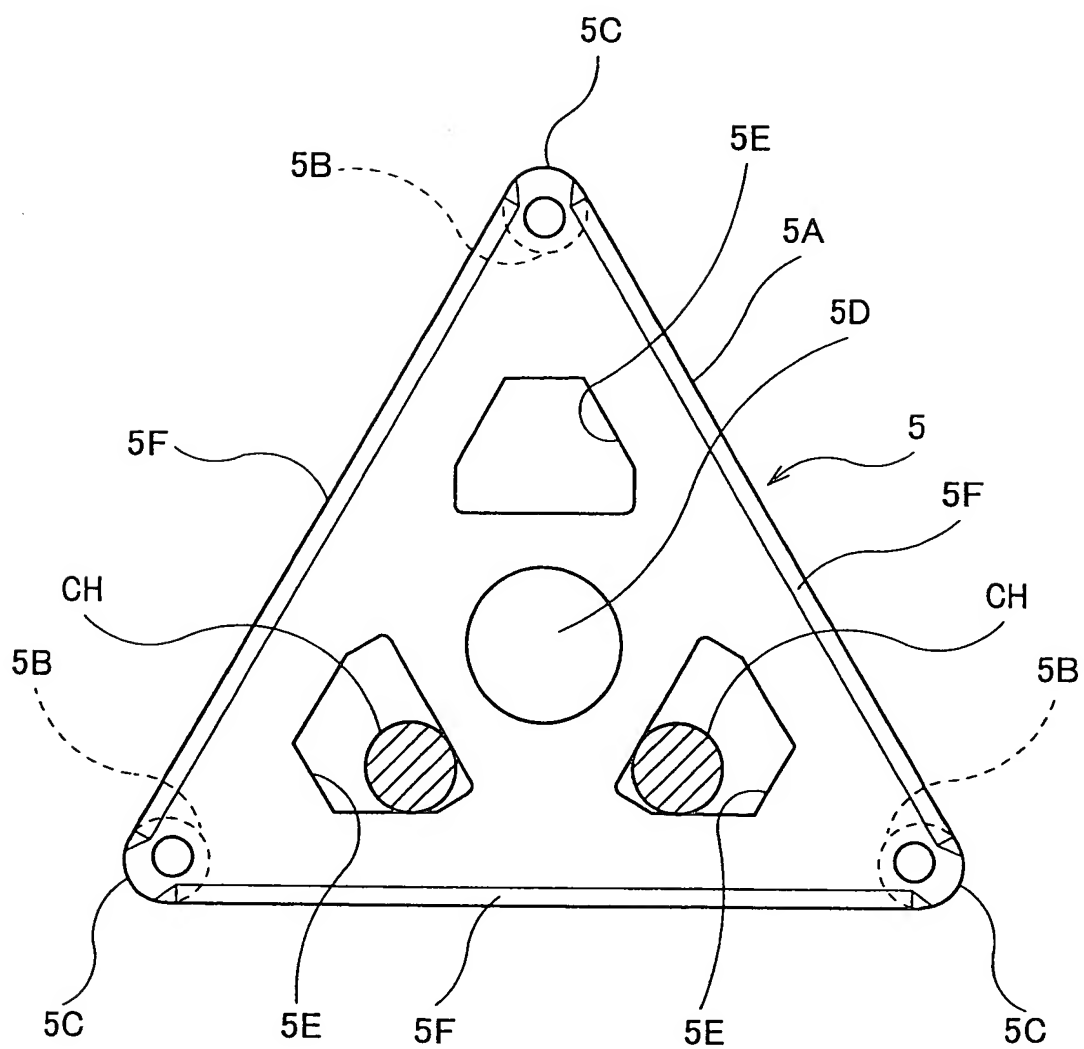

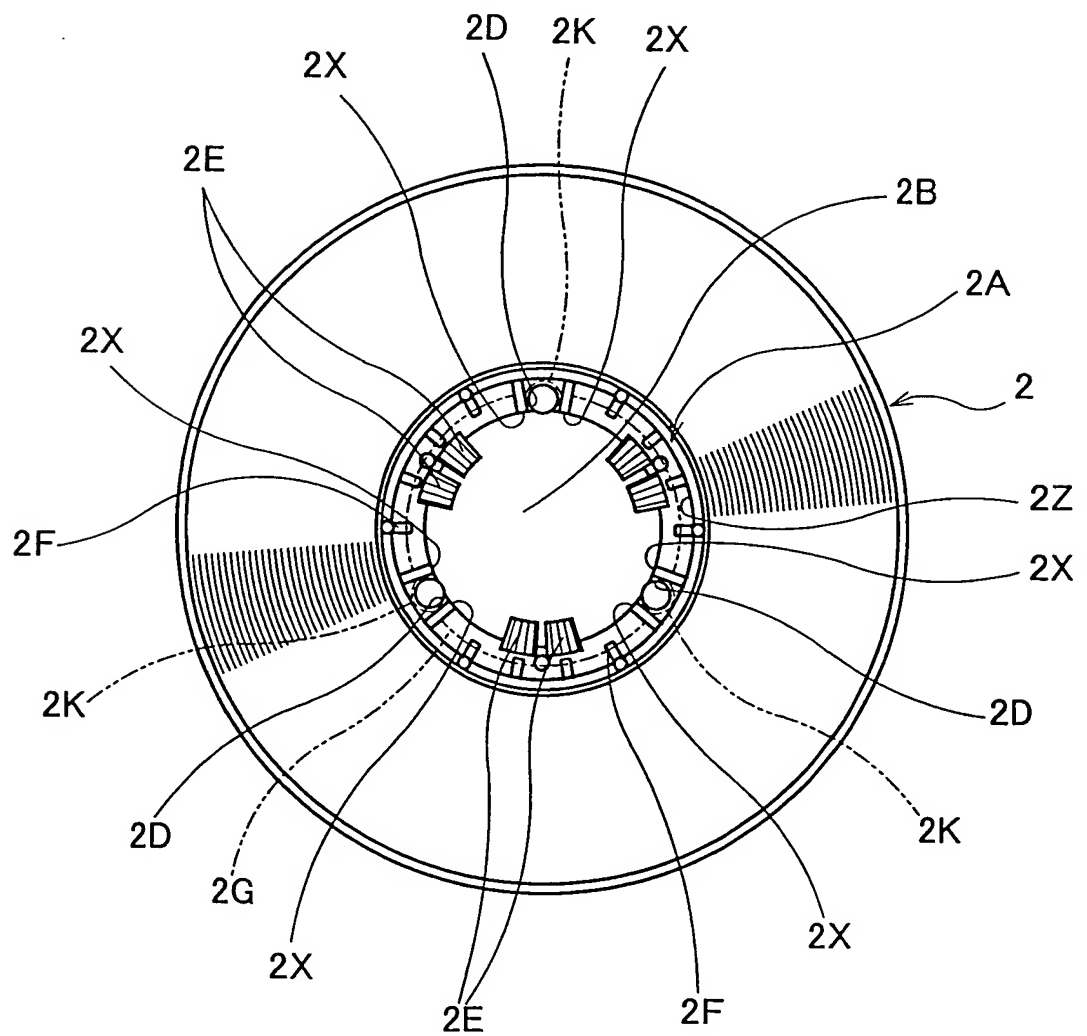

FIG.3

This cross-sectional view shows a dome-shaped lid (2) covering a central component (5). The lid (2) has a top surface (2A) and a side surface (2G). The central component (5) is a triangular plate with a central circular opening (2X) and three rectangular openings (2B). It is supported by three legs (5A, 5B) and is mounted on a base (2D). The base (2D) is a rectangular block with a central opening (2Z) and is surrounded by a thick, hatched layer (MT).
